BERG Family bikes, go-karts and trampolines are robust and constructed to a high quality. Low investment costs and low maintenance requirements make BERG Products very attractive to the leisure sector around the world. In addition, our products are rigorously tested for safety.

BERG’s eye-catching products offer a unique experience around the world. For companies in the recreational market they are invaluable. Examples of locations where our products can be used are campsites, promenades, shopping centres, theme parks, commercial playgrounds and public parks. In short, BERG offers interesting opportunities for you!

BERG Testimonials:
The experience of our partners

“BYKY started a rental station in 2005 with a number of BERG Go-karts on the beach. The people were very enthusiastic and demand was high! This encouraged us to set up more rental stations.”

Dubai:
BYKY Sport & Leisure Equipment

“Norway: Motorikpark & rental campsite

‘In recent years, we have achieved approximately 2,000 rental hours in the peak season. The tourists and the people in the neighbourhood love BERG Go-karts, but also BERG Trampolines!’
1. Marketing and promotional materials

Use promotional materials in the right way to increase your sales. BERG will be pleased to help and has various marketing and promotional materials available for you. These materials include displays, beach flags, key rings, pens and footballs. We also have a go-kart track available. Ask your contact person for the current product range.

2. Media bank

BERG has a media bank with images and videos. This media bank contains all the product information, images and videos that you need to communicate with your target group.

3. Expert support

Our Sales Managers have extensive experience with the market and can give you some handy tips when starting up your own company or when placing BERG Products on the market.

4. Warranty

A warranty period of 1 year for the frame and parts applies to BERG Products for the rental market. The warranty does not cover wear parts.

‘A rental business becomes profitable quite quickly, mainly because it requires a relatively low investment for a stable income. Moreover, a go-kart is suitable for everyone, which means there is a large target group.’

Malaysia:
Mr Low Hong Jie

‘We have been using the new BERG products for a while now and I can say that we have made the right choice. The rough terrain is no problem at all for BERG Go-karts.’

Spain:
Formula Outdoor Karting
